LEGAL BASIS

The Constitution of the State of Nebraska gives the responsibility for providing free public education to the State Legislature. School districts in Nebraska were created by the Legislature to implement its responsibility of free public education.

The legal basis for education in the Fremont Public Schools is vested in the Nebraska State Laws, and the statutes pertaining to all school districts and Class III districts.

The Fremont Public School system is duly organized under the Nebraska State Laws as a Class III public school system having a population between 1,000 and 100,000 with elementary and high school grades under the direction of a single school board of education.

"Elector shall mean every person of the constitutionally prescribed age or upwards, and who shall have the right to vote for all officers to be elected to public office, and upon all questions and propositions lawfully submitted to the voters at any and all elections authorized or provided for by the Constitution or laws of the State of Nebraska: provided, no person shall be qualified to vote at any election unless such person shall be a resident of the state, county, precinct, township, or ward on or before election day, and shall have been properly registered with the county clerk or election commissioner, and shall be a citizen of the United States."

"Residence shall mean that place at which a person has established his home, where he is habitually present, and to which, when he departs, he intends to return."
