VISITOR AND VOLUNTEER SMOKING

The Fremont Board of Education is committed to providing a positive learning environment and promoting healthy lifestyles among students and staff. In light of this commitment, all adult visitors to the Fremont Public Schools and adult volunteers who serve in the schools, are required to observe the District's "Staff/Visitor Tobacco Use Policy" (41B.6), which states: "all facilities and/or vehicles owned and operated by the Fremont Public Schools to be smoke-free and smoking and/or use of all tobacco products is prohibited within those facilities and vehicles. Smoking and/or use of all tobacco products by adult employees, visitors, and volunteers will be permitted outside of District owned and/or operated buildings, and also within open air facilities (i.e. stadiums, athletic fields, parking lots, etc.). Adult employees and/or volunteers are not permitted to use or smoke any tobacco products while supervising students."

NOTE: Tobacco products refers to any forms of tobacco including smokeless tobacco.

Adopted: July 11, 1988

Revised: July 13, 1998
