# EXTRA-CURRICULAR ACTIVITIES

The Fremont Board of Education believes the extra-curricular activities are an important part of the instructional program of the secondary school. The Board believes that extra-curricular activities contribute to the intellectual, physical, and social development of a child and, as such, should be considered an integral part of the educational plan.

Every student in grades 7 through 12 shall be provided with the opportunity to participate in his/her choice of the extra-curricular activities which are offered by the Fremont School District.

**Adopted: November 9, 1987**
